

IARU REGION I CERTIFICATES AND MEDALS

IARU Region I can recognize meritorious performance in the wide field of amateur activities by awarding

- a) an IARU Region I certificate
- b) an IARU Region I medal.

With respect to the amateur activities on the VHF/UHF/SHF bands the following recommendations are relevant.

At the IARU Region 1 Conference in Folkestone (1961) the following resolution was adopted:

It is recommended that the Executive Committee of IARU Region I issue a certificate to those amateurs within Region I who make first QSO's by unusual modes of propagation, such as meteor-scatter, sporadic-E and moonbounce.

At the IARU Region 1 Conference in Malmo (1963) the following additional recommendation was adopted⁽¹⁾:

The Chairman of the VHF/UHF/Microwave Committee is authorized to request the IARU Region 1 Executive Committee to issue Region 1 certificates for special VHF/UHF/SHF performances.

DB6NT

At the interim meeting of the IARU Region 1 VHF/UHF/Microwaves committee in Vienna 1995 it was decided to propose to the Executive Committee to issue the Region 1 Medal to Michael Kuhne, DB6NT,

for his outstanding contributions to the promotion of microwave activities. He not only is a keen microwave dx-er on all bands up to 245 Ghz but has published his designs, allowing other amateurs to construct microwave equipment.

The executive Committee supported this proposal and the Medal and Certificate were presented to DB6NT by PA0EZ at the 1995 Friedrichshaven International Meeting

S53MV

The Executive Committee of IARU Region 1 has at its April 1999 Meeting decided to offer the IARU Region 1 Medal to Matjaz Vidmar, S53MV,

in recognition of his contributions to amateur radio in the field of satellites, microwaves and digital communications.

The medal and certificate were presented by PA0EZ to representatives of the Slovenian Society at an official ceremony at the Region 1 Conference in Lillehammer 1999.
